Pep Rally

by Gage Lego

In November we had a pep rally and went to Midland Trail High School to cheer on their football team. I think that everyone had a great time screaming and playing the challenges. I think that the pep rally was fun, and I had a great time. Everyone did the challenges like the pudding challenge where they slurp a pudding cup through a straw and when you're done you had to throw a football through a hula hoop. If you get it through the hoop you win. This was one of the transition activities we did to get us ready to merge with MTHS next year.

Spirit Dance

by Praxton Skaggs

We were invited by Midland Trail High School to have a spirit dance in their cafeteria. The dance was really cool. Mr. Crouch danced and everything. The dance was for school spirit so everyone could see that school spirit is a very good thing. This was also another transition activity for us to get used to MTHS for next year.
