

# BLAZING NEWS

## Archery by Renee Parks

March 18 the archery team went to Ripley High School for their last tournament until states. At the tournament there were a lot of good shooters. Aubrey Harvey placed 9th, Renee Parks placed 11th, and Cody Leg placed 4th in the competition. This was one of the toughest competitions we have attended. March 25 was the state tournament. This tournament took place in Charleston, West Virginia. Only Four of our team members qualified for states. These students had the highest scores out of all of the team. Those students are T.C. Perry, Aubrey Harvey, Renee Parks, and Zane Hawver. This was a very exciting event for everyone.

## Leadership by Kimberly Skaggs and Meghan Gill

In Leadership we have done many things throughout the year already. We have to do an assignment weekly and newsletters monthly. We have things we do each week. We do the morning news. We record videos about any upcoming school events, so all of the students and staff are aware of anything that may be coming up in the near future. We make name tags for the soccer team, girls basketball, boys basketball, cheer-leading, football, softball, archery, National Junior Honor Society, drama, show choir, choir, band, the STAR students, the MARS ticket winners, student council, Fellowship of Christian Athletes, History Bowl, wrestling, office assistants, and any other ones that need made. Mr. Crouch recently deleted all of our videos trying to free up space to make a movie out them and download it, and that set us back and caused us to have to redo all of our videos. Our newest assignment was the Arab American one, April newsletter, and upcoming events. We take care of our school board website and post any of our upcoming events and any of our videos on that website. We have to make sure that all of the information is up to date.

## JYC by Jacob Nottingham

JYC is a Christian youth after school program from 2:15-3:30 every Monday. We learn the Gospel and have fun with our friends. We mostly learn about Jesus being our Savior, and it helps inspire kids to go to church. JYC is really fun and you should consider going.

## STAR Students For February were:

Katie Hawkins 6th, Renee Parks 7th, and Sara Bess 8th
